*This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.*

## ATTACKING DOWN THE FLANK

Reedswain. Paperback / softback. Book Condition: new. BRAND NEW, Attacking Down the Flank, Henk Mariman, Proper training of the fundamentals is important in preparing young players for the game they wish to play. In a game as complex as soccer, with the many different techniques, strategies, and game-play options, this is even more crucial; especially for Junior High and Senior High school, upper level recreation leagues and off season camp instructors. Each book is full of technical and tactical exercises aimed at improving a specific aspect of play as well as detailed lesson plans which can be manipulated to fit any coach's specific situation. This books contains about 80 2-color diagrams to show the precise methods of training. In Soccer: Attacking Down the Flank the focus is on the specific procedures of the flank attack. From the mid-field, forward, the team members need to adjust their positions and ball handling depending on how the attack is to proceed. This book will illustrate the proper methods of game set-up for both styles of attack and show those skills needed in order to properly attack.
